

ASPEN PARKLAND ECOZONE

# Help bring butterflies home to your garden

Native wildflowers are adapted to local climate and soils and require less care and watering once established. They provide sugar-filled nectar and protein-rich pollen for beneficial insects like local butterflies and wild bees. This regional native plant list includes wildflowers for the *Aspen Parkland ecozone*, which includes: **Red Deer AB, Edmonton AB, Calgary AB, Lloydminster AB, Humboldt MB, Brandon MB and Regina SK.** Always try to find local sources for native plants.

Common Yarrow

Purple Prairie Clover

Blanket Flower

Lilac-Flowered Beardtongue

Prairie Goldenrod

Common Name	Botanical Name	Height	Flower Colour	Flower Season	Sun	Soil	Pollinators	Butterfly Host Plant
