

EAST HAIDA GWAII ECOZONE

Help bring butterflies home to your garden

Native wildflowers are adapted to local climate and soils and require less care and watering once established. They provide sugar-filled nectar and protein-rich pollen for beneficial insects like local butterflies and wild bees. This regional native plant list includes wildflowers for the *East Haida Gwaii ecozone*, which includes: **Port Clements, Tlell and Masset**. Always try to find local sources for native plants.

Common Yarrow

Jeffrey's Shooting Star

Nootka Lupine

Yellow Monkeyflower

Straight-Beaked Buttercup

Common Name	Botanical Name	Height	Flower Colour	Flower Season	Sun	Soil	Pollinators	Butterfly Host Plant
