

ALGONQUIN LAKE NIPISSING ECOZONE

# Help bring butterflies home to your garden

Native wildflowers are adapted to local climate and soils and require less care and watering once established. They provide sugar-filled nectar and protein-rich pollen for beneficial insects like local butterflies and wild bees. This regional native plant list includes wildflowers for the *Algonquin Lake Nipissing ecozone*, which includes: **Sault Ste. Marie, Sudbury, North Bay, Parry Sound and Huntsville.** Always try to find local sources for native plants.

Canada Goldenrod

Wild Columbine

Swamp Milkweed

Purple-Stemmed Aster

Spotted Joe Pye Weed

Common Name	Botanical Name	Height	Flower Colour	Flower Season	Sun	Soil	Pollinators	Butterfly Host Plant
